

TREASURE CHEST 1957

JOHN R. ROGERS HIGH SCHOOL
SPOKANE, WASHINGTON

[illegible]

School colors are often used for yearbook covers, but the 1957 staff chose an aqua color to represent the water the Jolly Ship Rogers has sailed and silver for the 25th anniversary. The silver, embossed designs, representing Pirate Doubloons, are done in a new metalay process. Rogers is the first school in the United States to use this process.

Alma Mater

*In the golden sunset of the Westland,
None her splendor to deny,
Staunch and noble stands our Alma Mater.
We love thee, Rogers High!
In each contest we'll uphold thee,
Lift thy banner to the sky.
Laud and honor to our Alma Mater,
We sing of Rogers High.*

*As of old the Red man bowed to Rogers
As he marched with head held high,
So our foes, whatever the endeavor,
Will bow to Rogers High!
Ever loyal, Alma Mater
We will shout thy name on high.*

*When our days within thy walls are ended,
And the years fly swiftly by,
Backward we shall turn with wistful gaze
To the days at Rogers High!
Loyal hearts, our strong devotion
We will pledge thee till we die.*

*Rah, Rah, Rah, Rah, Rah, for mighty Rogers
We sing of Rogers High.*

When Hillyard High School became John R. Rogers, the "Alma Mater" was revised to fit the needs of the new school. Although the song has three verses and a chorus, only the first verse and the chorus are sung today.

The author of the poem, which was originally written for Hillyard, is unknown although the song is often credited to Leslie Carr, '13.

FOREWORD

Rogers has reached a milestone this year—its twenty-fifth anniversary. A quarter of a century, which includes many full and exciting years, has passed. These are the years—1932-1957—that we, the 1957 Treasure Chest staff, endeavor to present to you.

To commemorate the twenty-fifth anniversary of John Rogers High School, we are presenting a brief picture story of those years. While a comparatively short time has elapsed since the beginning, many events have taken place within the Jolly Ship Rogers. Although all the years can not be recorded, the high lights are presented with the wish that you look back and enjoy this—the 1957 Treasure Chest, an album of memories.

School Has 25th Anniversary

1932-1957

GOING UP — at a cost of half a million dollars to accommodate 1200 students . . .

"Monday, February 1, 1932, may have been just an ordinary Monday to millions, but to the 1000 eager students of John R. Rogers it was one of the big days of a lifetime.

"Although the mercury had settled to zero, there were no 'ten o'clock scholars' on that first day . . . indeed there was a bevy of extra impatient ones. . . .

"In 1907 the Hillyard community celebrated the establishment of the first Hillyard high school. There were 50 students and it was felt that this building was large enough for many years to come. Five years later, there came a pressing need for larger quarters and the first section of the Hillyard high school building was erected. In 1922 the tower annex was built. In 1927 the old Arlington building (later destroyed by fire) and five portables were added. Like Topsy, it had 'just grown.'

"Bonds for Rogers were voted in 1930 and 18 months later the building was begun."

—Dedication issue, Rogers Record
February 4, 1932

Now 25 years later we are celebrating an anniversary and looking forward to the new additions which will again make this building a tribute to all of those who have worked unselfishly to make John R. Rogers the great school it is.

Championships and Productions Bring Honor, Fame

Plaque Arouses Interest

The Hilliard Lions club last spring presented its beautiful honor award to John R. Rogers. The names of the most outstanding boy and girl in scholarship and student activities are engraved on the plaque each year. James Grant and Jeanne Tarmen being the first to be so honored. Left to right in the picture are Principal J. D. Mayer, George Elmer Brown and Hugh Copeland, of the Lions club.

In 1932 students occupied one of the best equipped high schools in the entire Northwest; however, they knew that a building does not make a great school, but that the character of the school is determined by the ideals, attitude and spirit of its student body and faculty. And it was their fervent desire to have John R. Rogers be not just another high school but rather an outstanding school with a character of its own.

Through participation in all types of activities John R. Rogers students soon came to be known for their intense loyalty to their school teams in defeat as well as in victory. This characteristic has often been called the "Rogers Spirit."

Harding Club Presents Scarlet Oak Tree As Memoriam To Edwin R. Rogers, Son of School's Namesake.

Therein lies the true greatness of this high school—that indispensable "Spirit" which is so evident in the pages of the Rogers Records and Treasure Chests of the 25 years that any reader soon realizes that here is a great heritage.

The 25 years are filled with many "firsts," many individual honors as well as team achievements, both in scholastic areas as well as athletic. Here is a tradition to be upheld and carried forward so that students and alumni may be as proud of their school tomorrow as they are today.

John R. Rogers, we salute you!

District 81 School Administrators and Directors

JOHN A. SHAW
Superintendent

Directing the activities of all the Spokane Public Schools is the responsibility of Superintendent John A. Shaw, his administrative staff, and the Board of Directors.

Today's administrators had much in common with those of 25 years ago; for both of these groups were concerned with the school population growth.

Present-day directors, faced with the overcrowded conditions, asked for an \$8,000,000 bond issue which the voters passed last fall. From this, approximately \$600,000 will be used to remodel and build additions to Rogers High School.

In 1929 the directors voted to ask for a \$500,000 bond issue to build a high school in the northeast area; however, it was not until April, 1931, that the building contract was given out.

School officials of 1932 who worked untiringly to establish John R. Rogers were Evan Berg, President; Alex Turnbull, Vice-President; Mrs. Kate F. Simpson, Chairman, Building and Grounds Committee; Dr. T. D. Burger, Roy A. Redfield; Robert A. Wilson, Secretary to the Board; Orville C. Pratt, City School Superintendent, and F. J. Williamson, Superintendent of Buildings and Grounds.

BOARD OF DIRECTORS IN SESSION — Seated around the table in the board room, left to right, are: Mr. Keith H. Campbell, Mr. James E. Winton, vice-president; Dr. James M. Patton and Mrs. Thomas C. Wurth, president. Mr. Otto Orr, whose chair is between Dr. Patton and Mrs. Wurth, was absent when the picture was taken. Seated in the foreground are Mr. Dunbar B. Triplett, secretary, and Mr. Merle M. Wood, plant superintendent.

TOPFLIGHT ADMINISTRATORS — This trio, in attendance at all school board meetings, is responsible for the administration of major school matters. Left to right are Mr. John A. Shaw, superintendent of schools; Mr. William C. Sorenson, assistant superintendent in charge of secondary schools; Miss Leila Lavin, assistant superintendent in charge of elementary schools.

Work Together to Keep Pace With Population Growth

In the history of John R. Rogers there have been only two principals.

John D. Meyer, principal of Hillyard High for six and one-half years before becoming principal of Rogers in 1932, helped to design and draw plans for the present school.

Upon Mr. Meyer's death in 1948, J. L. Purdy was appointed principal. He had been acting principal since November when Mr. Meyer became ill. Mr. Purdy assumed his new duties as principal January 14.

Coming to Hillyard in 1926, Mr. Purdy taught English, Mathematics and Drama until his appointment as vice-principal in 1943, when E. R. Jinnett became Assistant Superintendent of Spokane Public Schools.

Mr. Purdy, a graduate of Hastings College in Nebraska, took advanced work at Colorado State Teachers, Washington State and Whitworth Colleges.

Much of Mr. Purdy's time this year has been spent on working out the plans for the proposed remodeling and additions to Rogers.

FACULTY IN SESSION—Mr. Purdy takes an active part in all faculty meetings and occasionally serves as the discussion leader. Discussing the proposed building changes are, left to right, Mr. Purdy, Mr. Victor Barry, Mr. George Molchan, Miss Ethel Larson. In the foreground are Mrs. Theadora Frisbie, Mrs. Clarissa Oscarson and Mrs. Jessie Cook.

PRINCIPAL AND STUDENT RELATIONSHIP—Vitaly interested in student activities, Mr. Purdy has occasional conferences with student leaders to discuss expenditures of student money. Left to right are Stuart MacPhail, Associated Student Body President; Marilyn Chrisman, Editor-in-Chief of the Treasure Chest; Nancy Clark, ASB Treasurer, and Mr. Purdy.

Vice-Principal Has Many and Varied Duties

PAUL C. MACGOWN
Vice-Principal

Nine years ago Paul C. MacGown became vice-principal of Rogers.

Mr. MacGown is the third man to hold this position since Rogers' beginning in 1932. Preceding Mr. MacGown were Mr. J. L. Purdy and Mr. E. R. Jinnett, who was Rogers' first vice-principal.

A graduate of Whitman college, Mr. MacGown taught at Walla Walla High School before coming to Rogers in 1938 to teach in the English department. Until 1948, he served as Boys' adviser for three years and also did some coaching.

One of Mr. MacGown's duties is the general school discipline. Scheduling classes and registration of students are also his responsibilities as vice-principal. Mr. MacGown advised student council and several ASB committees until this year.

Secretarial duties for both the principal and vice-principal are handled by Mrs. Daphne Sprague and Mrs. Alice Barmon, office clerks. Mrs. Sprague, who has been with the school for 11 years, works primarily with attendance.

Working in both the main and the business offices is Mrs. Harriet Foland, who came late last fall.

Counselors and Staff Play Important Role

Both the counselors and business staff have duties important to the daily operation of Rogers.

Advising the girls as well as the Girls' League keeps Mrs. LaVelle Black busy. Before becoming League adviser in 1944, Mrs. Black was a physical education instructor.

Heading the guidance department is Mr. E. B. Chrisman, Boys' counselor, who, until this spring, also advised the Boys' Federation. Mr. Chrisman was a physics and chemistry teacher from 1943-1950 when he was appointed to the advisory post.

Managing the business affairs of Rogers since 1951, Miss Rene McMahan previously operated the bookroom and also taught commercial courses. She is one of nine faculty members who have been at Rogers for 25 years.

Bookroom clerk since 1954, Mrs. Arden Rowe's many jobs include keeping a record of all textbooks and supervising the selling of supplies to students.

Assisting Mr. Chrisman by recording guidance test grades and issuing early dismissal work passes, Mrs. Pearl Gower, '53, often helps in the main office.

Rogers Boasts of Outstanding Faculty

Since 1932 the number of faculty members has more than doubled from the original 32 to the present 66.

Nine of today's faculty who were here in 1932 include Mrs. Theadora Frisbie, Miss Hazel Stevens, Miss Elizabeth Herbert, Miss Rene McMahan, Mrs. LaVelle Black, Mrs. Clarissa Oscarson, Miss Faye C. Weymouth, Mr. E. T. Becher and Mr. J. L. Purdy.

Teaching was much different in 1932 as the classes were much smaller with an average of 20 students and if there were 25, the class was considered large. The students were able to get more help on the subject if they were having difficulty and they also got to know the teacher better.

As the number of students increased, more teachers were needed and the rooms that had been used as offices for different departments had to be used for classrooms.

Some of the subjects that were taught but have either been dropped or combined with some other class were: Pennmanship, German, Spelling, Commercial Law, Civil Engineering, Industrial Geography, Commercial Geography, and Social Relations.

Five of the faculty who are graduates of Hilliard or Rogers are Miss Herbert, Mr. John Jelinek, Mr. James Forsyth, Mr. John Dombrosky and Mr. Cecil Johnson.

Some changes are to take place next fall when four faculty members transfer to the new Shadle High School. Going as department heads are Mr. Jelinek, science, and Mr. James Elsensohn, social studies. Mr. Joseph Heslin and Mr. James Berry are to be classroom teachers.

High light of the year was the "unofficial" faculty presentation of "Aaron Slick From Pumpkin Crick." This three-act comedy was given by the "Friends of Larry Coleman" in order to raise funds to help Mr. Coleman replace his auto which was destroyed by fire.

Cooks, Custodians--Behind the Scenes Workers

Six a.m., and all's well! While the cry of the old town crier would fall upon the sleeping ears of most of the student body, the cooks are already busily at work, preparing the day's menu.

It is no easy task to prepare the lunches for a student body of 1800, for there must be enough food for all who want to use the hot lunch program, but not very much may be left over.

Other behind-the-scenes workers are the custodians, whose cleaning work does not begin until most of the students have left at 3 p.m.

The custodians are responsible for cleaning the rooms every day, maintaining proper room temperatures during the winter, and making minor repairs throughout the building. During "vacation time" they water and cut the lawns, scrub and wax the floors and wash the windows to prepare for September's reopening.

1957 Class Is 46th

With this year's commencement exercises the forty-sixth senior class will be graduated from John R. Rogers. In the last 25 years more than six thousand students have received diplomas.

Since January, 1953, the midyear graduation exercises have been eliminated, leaving only the June commencement which has been held at the Coliseum since 1955. For the first time last year the baccalaureate and commencement exercises were combined into one ceremony.

Top: Mel Hogue, Vice-President; Arlene Knauss, Secretary. Bottom: Pat Joslyn, Treasurer; Larry Sanborn, Sergeant at Arms.

SCHOLARSHIP REPRESENTATIVES — First row: Margee Blackstone, Vicki Rojan, Marilyn Jacobson, Ed Schmidt. Second row: Yvonne Zieske, Sally Sweigle, Judy Mahoney.

MOVE-UP CON COMMITTEE — Left to right: Sandra Hodge, Judy Tarter, Jacqueline Fisk, Jean Helland, Margaret Hathaway, Sally Sweigle.

Group to Be Graduated

Plans for senior activities were begun early in the spring term with election of officers and appointment of committees and chairmen.

Representatives were selected to serve on the cards and announcements committee which included collecting and ordering the material for those in the homeroom.

Closing activities are the breakfast, held at the Ridpath hotel, the senior prom, and the commencement exercises at the Coliseum on June 2.

Judy Sorensen, active in student government, was both ASB secretary and treasurer.

Peppy Arlene Knauss was active in drama, Girls' League and was a cheerleader.

Editor in chief Marilyn Chrisman as a junior was editor of the Record.

Scholastic honors are due Pat Swanson, also No. 2 doubles player.

Another tennis and scholastic combination is Denny Reinhardt.

Shirley Nicoles "chairmaned" the ASB pins and points committee.

League President Ruby Woodworth was also a cheerleader.

Outstanding Seniors

The selection of the outstanding seniors is based upon the evaluation of the students' service to John Rogers, school activities, scholarship and personal appeal. The outstanding senior committee, advised by Miss Lorraine Schwartz, includes a student from each junior homeroom. Nominations for this honor were made by the senior homerooms.

Students Always Have Had Say in Government

From the beginning the students have had a say in the government of their school. At first, the student body was governed by a Student Council, composed of the Girls' League Council, the Boys' Federation Council, the editor of the Rogers Record, the student treasurer, the president and a representative from each class.

In 1936, however, the governing body was changed to homeroom representatives with the presidents of the League and Federation as members of the Council.

The first official act of the 1932 Council was

changing the school mascot from "the cowardly panther to the bold, brave Pirate." The Pirate idea was suggested because of the similarity of the school name. Rogers, to that of a Pirate's flag — "Jolly Roger." And, in 1954, this symbol became a "reality" when "Lil Buc" was created.

This year's council asked the elections committee to revise the party system similar to the national elections. Plans included using the two parties in the primaries to create more interest in elections. So in the spring the introduction convocation was held before the primaries.

Teen Assist to Voters Was Important ASB Project

Under the leadership of president Denny Arndt, the fall ASB undertook many new projects, one of which was the Teen Assist to Voters. Students were selected from the junior and senior classes for their dependability. While the girls babysat with children of voters, the boys volunteered their time and cars to bring the parents to the polls.

Also tried for the first time this year was the plan of having the elections committee under the

supervision of the ASB instead of the Government class. Since this was successful, the committee will continue to function under the direction of the student executive.

Another active committee was Pins and Points which worked on obtaining pins for those students who had sufficient points. One of the duties of this committee was to establish a permanent points system.

Sixteen Committees Function Under ASB Sponsorship

Only two new people, Nancy Blodgett and Arlene Cusick, took office this semester as treasurer. Nancy Clarke's term is for one year and vice-president Stuart MacPhail was elected president.

By reactivating some committees of past years and adding new ones, the executive council had 16 committees actively engaged in furthering student body activities.

One of the most active was the Charters and Constitutions. Headed by Vicki Rojan, this group worked hard to revise and improve the ASB Constitution.

One-way stairs were approved by student vote and the Art Department silk-screened signs which were placed so students would follow the system.

Another committee worked to solve the population problem which would occur at the Move-Up convocation. This special event, begun in 1937, has been a tradition ever since.

Newly formed committee was the class officers committee organized by chairmen Dale Sciuchetti and Marlene Rohn. Biggest problem was a planned model constitution, including elected officers and planned activities for each class.

Change in Election Procedure Introduced in 1939

One of the most important changes in the election procedure of student body officers was introduced in 1939.

An amendment to the Constitution provided that the election of officers be held according to the nationals. Until this time, the student council had elected officers from its ranks each term.

Three parties supported candidates for student body office in 1940 under the new election system.

The Pirate, White, and Buccaneer parties were Rogers' first political groups.

Elections of 1945 brought another change. The practice of nominating ASB candidates by petition with 25 signatures was adopted and used until 1954, when the student body reverted to the use of the party system. Also in 1954, each student voter was required to register to vote in the ASB elections.

Bulletin Board Is Council's Concern

Fall activities centered around Presidents' Council which often met with the vice-president to discuss keeping the bulletin board up to date.

Also important was the contribution of each homeroom whose donations helped five families have a better Christmas.

Assignment books, large enough to note lessons for a six-week period, were a special ASB project.

Big project for the spring ASB was the appointment of adult advisers to the committees.

Plans provide for all committees to have an adviser, who can help the chairman plan and organize committee assignments.

Girls' League Has Motto

In 1936 the Girls' League was completely revised and renamed. Until that time it had been known as the Girls' Council. Shortly after the revision the Girls' League adopted a bimonthly publication called the "Girls' League Gossip" which acknowledged the accomplishments of the departments, now known as committees.

In earlier years the Girls' League used the motto "an activity for every girl," which has helped to make the organization what it is now. Mrs. LaVelle Black became Girls' League adviser in 1944.

"An Activity for Every Girl"

Sweater Day, the Big and Little Sister party, fashion shows, and display contests were some of the many activities that kept the Girls' League a busy organization this fall.

This fall the first Sweater Day was held. On this day everyone changed from fall to winter clothes. The Big and Little Sister party proved to be a successful affair again this year with a party in the Pirates' Cove. A winter fashion show gave the girls a look at the sheaths and formals for winter wear.

Installation Rainbow Is Joint Project

A semester of activity faced the spring officers after the traditional Rainbow Installation. Included in the plans was the joint purchase of the rainbow used in the installations of both the Boys' Federation and Girls' League. Boys' Federation and Girls' League also worked together on the Vocational Conference. Fifty-six speakers from all fields of work helped to make this conference a success. The chairmen were John Haldi and Cathy MacGown. The Girls' League again sponsored the Senior Mothers' Tea with Lynda Harn as the committee chairman.

Workers Assist in Many Jobs

Counting money and balancing the daily cash are ways that the business-minded girls assist Miss Rene McMahan in the business office. Girls in the main office help Mrs. Sprague keep an accurate record of student attendance. Answering the phone and running errands for industrial arts instructors keep the shop office girls busy. "Shorthand tablet, please" is a phrase often heard by the bookroom workers. Attendance in study halls is checked every day by study hall checkers. The distribution and collection of books is the job of the library workers.

Group Was First in City

John Rogers was the first school in the city to organize boys in a group whose job it was to promote friendliness and service to the school.

This organization, known as the Boys' Federation, was a carryover from Hillyard High where the group was begun in 1927. Meetings held on the final Monday of each month were supervised by an Executive Committee. The committees included Athletics, Entertainment, Outdoor Life, Science and Handicraft. These committees were later revised in 1936 in hopes of promoting more school service.

Activities Are Varied

Fall activities of the Federation centered around the Mother and Son Banquet, the display contest, betterment of convocations and the reorganization of representatives. A successful program for registering cars was used this year.

Many of the men faculty members, including Mr. E. B. Chrisman, fall adviser, Mr. Dale F. Brannon, and Mr. James Forsyth, showed an interest in the Federation fall activities.

The officers challenged the Girls' League to a display contest and upon victory they were served breakfast by the League officers.

Vocations Day and Dads' Night, as well as the revision of the constitution, kept the officers busy this spring. The possibility of leveling the parking lot, marking lanes, assigning space and registering cars were the main projects scheduled this spring. Planning the work program and looking into the financial problems of the projects were Chuck Kelling and Mike Richardson. Also planned in the spring activities was possible painting of the school bus.

Boys on Committees Earn Points

It has always been a practice of the Boys' Federation to give points to boys who work on the various committees such as Hall Patrol, Fire Squad and Car Patrol.

The importance of working on these committees goes further than obtaining a pin. While working on these committees, the boys learn to work with others. The office workers assist their adviser. The Hall Patrol checks students' passes and keeps order in the crowded halls. The Car Patrol protects cars from any possible vandalism. Directing fire drills is the job of the Fire Squad.

In 1954, the first home-coming was held, but it wasn't until 1955 that a queen and a royal court were chosen to reign over the activities.

Only two girls have been queen—Renec Pearson and Sandra Hodge, this year's queen.

Selection of the court is made by the football teams with the varsity selecting the queen; the junior varsity members, the junior princess; the B squad, the sophomore princess, and the freshman team, the freshman princess.

Many Activities Center Around Home-Coming

Many activities were planned for Rogers' third annual home-coming. For the first time home-rooms decorated their doors with posters welcoming grads and urging the team to beat Gonzaga.

School clubs also made signs which were displayed in the halls and Cove. Los Conquistadores

(Spanish club), Senior Math and Junior Art clubs received awards for the best exhibits.

After the game a reception was held in the Pirates' Cove for all alumni. Despite the dismal weather, more than 75 grads turned out for the reunion. Bob Szulerecki was the chairman.

For the first time in many years Rogers students went all out for Christmas. This effort was apparent in the decorations and other Christmas projects around the school.

To arouse more enthusiasm in Christmas themes and decorations, the Spirit Committee promoted the door idea, and many homerooms decorated their doors with appropriate Christmas pictures and pine branches.

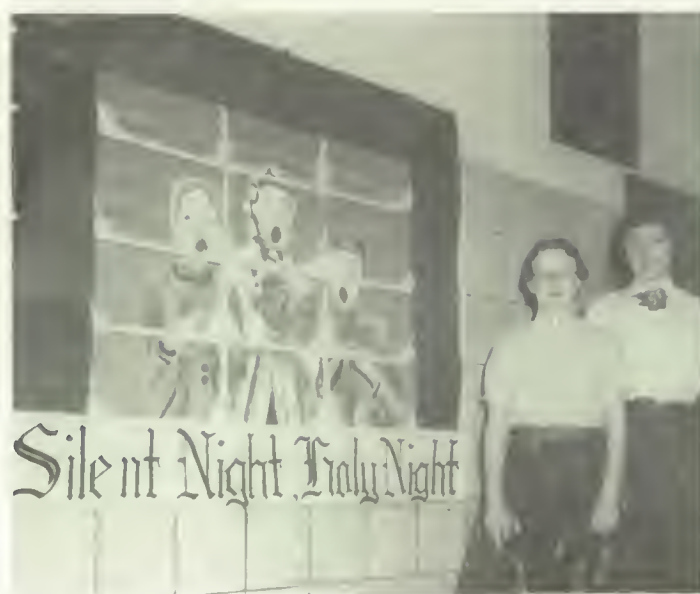

The traditional Christmas trees were set up in the front hall, the study hall and the library.

The climax of R-Week was the game when school spirit and game attendance took a jump upwards with more than 1400 tickets sold. Mr. Larry Coleman promoted this new event.

Contest Begun in 1935; Two Reigned as Queens

Two queens reigned over spring sports in 1935, the first year of the sports queen contest. One girl was crowned queen of track, and the other reigned as baseball queen. The division of honors was a result of a tie in the number of tickets sold by the two girls.

Although the physical education department sponsored the first queen contest, the candidates have run independent of any organization for

the last few years. However, this year the committee ruled that a candidate must be backed by an organization.

Queen Patty was sponsored by French-Latin while her Princesses Arlene and Elaine were backed by the Rogers Record and the Pirettes. Other candidates were Nancy Clarke, Future Homemakers; Arlene Knauss, OGA, and Judy Sorensen, National Honor Society.

FRESHMAN FIRST MATE CANDIDATES — David Dickens, Armour Armstrong, Steve Grater, Cecil Walker.

OFFICIAL CROWNING OF LYNDA AND DAVID WAS DONE BY BETTE HOLLENBACK AND STUART MAC PHAIL AT BOLL WEEVIL BOUNCE.

Spring Day Is Annual Event; Two Reign at Mixers

Spring Day is an annual affair cosponsored by the Girls' League and the Boys' Federation. Girls wear spring dresses and the boys wear white shirts and slacks.

In keeping with tradition, Lynda Harn was chosen "Cotton Cutie" from those girls who made their dresses. Each homeroom has a representative

entered in the contest. Judging was done this year at the convocation.

Also added this year was the Freshman First Mate. David Dickens, who was selected from freshmen judged by their personal appearance, also reigned with Lynda at the Boll Weevil Bounce, an after-school mixer.

GIRLS' LEAGUE STYLE SHOW WAS BUILT AROUND TRAVEL THEME. ANNA GARNSEY AND GAIL SMITH WERE TWO OF THE MODELS.

SPRING DAY CHAIRMAN BETTE HOLLENBACK AND VIRGINIA COPPOCK SET UP THE GIRLS' LEAGUE DISPLAY IN THE COURT.

Club Membership Offers Key to Activity

Belonging to clubs in high school helps prepare a student for later life. He gains experience in getting along with people because in a club he contacts many people. He is able to take part in the activities of the clubs because most of the clubs are not too large. Expressing himself in the activities will help him later to get and hold a job.

In 1932 there was a total of 14 clubs compared to 25 listed on the roster this year. Clubs that were on the roster in 1932 but have been dropped because of lack of interest are the Camera Club, Girls' Athletic Club and German Club, among others.

Two of the outstanding clubs in the 30's were the Junior Statesmen Club, which promoted an interest in governmental affairs, and the Harding Debate Club.

The Debate Club was organized in November of 1923 by 13 boys and girls interested in debate, dramatics and music. This club was one of the more active clubs. It not only won many awards for debate, but also sponsored plays, the National

Honor Society, National Forensic League and other organizations. The Student Benefit Fund was also started in 1928 by the Harding Debate Club.

One of the newest clubs is the Engineering Society, which was added this year. This club, considered an honor society in the engineering field, is to promote an interest in the various fields of the engineering profession. At the meetings, engineering problems are often discussed and scientific movies are shown.

Several of the clubs that are active now show where the interests of young people lie and through the various clubs the student may strengthen his future. Future Nurses of America, Future Teachers of America, the Engineering Society—all of these clubs are designed to help direct a student into a desired vocation.

Hi-Y was organized under the guidance of Mr. Joseph Heslin in 1954, for boys who are to be of service to Rogers in any way possible. Mr. Tracy Walters became faculty adviser in 1956.

Fine Arts Interest Is Promoted by Two Clubs

In 1927 the Palette and Brush Club was organized by Mr. Clarke Hughes. They sponsored an all-city art club rally. The aim of the club is to promote an interest in the Fine Arts.

"Modern art and its use in everyday life . . . " This was the idea Miss Alva Virtue wanted to impress upon the freshmen and sophomores when she started the Junior Art Club in 1956.

Originally French, Club Now Serves Two Interests

Forerunner to the French-Latin Club was the French Club, which was organized in 1936 by Miss Marion LeFevre.

French and Latin students formed the French-Latin Club in 1941 with the main objective being to provide social opportunities for those who have similar interests.

Activities included in the yearly schedule are the annual banquet in the spring and supporting a needy family for Christmas.

Field Trips to Regional Industries Attract Membership

To promote interest in sciences such as Chemistry or Physics, the Cosmic Club was organized in 1933 by Mr. I. R. Minzel and Mr. L. Saltz.

In 1947 Mr. E. B. Chrisman became the new adviser. In the same year the club approved and accepted a new constitution. Later that year they joined the Science Club of America.

Mr. John G. Jelinek accepted the position of adviser in the fall of 1954.

Fourth row: Jon Arnold, Jerry Look, Norman Johnson, Charles Pomeroy, Yvonne Zieske, Bette Hollenback, Ned Wogman, Dale Sciuchetti.

Each Organization Has Its Own Motto and Aim

"Working to promote better relations with Spanish speaking countries" was the idea behind the organization of the Spanish Club in 1923 with Mrs. Marie Bovee as adviser. Mrs. Betty Pence became the adviser in 1951.

"Toward New Horizons" is the motto of the FHA, organized in 1945. The first adviser was Miss Larson. At one time the group was called the Home Economics Club. This club is one of the school's most active.

Some Prepare Students for Future Professions

"Cleaner living, cleaner speech, and cleaner thinking" was the purpose of the 3C's when it was organized by Mr. Ray Roestel in 1951. This club, religious in nature, is especially for teen-agers. Mrs. Hazel Van Doren became the adviser in 1952.

Future Teachers of America was organized in 1955 by Mr. Victor Barry. This club gives students a chance to see what teaching is like and how they can prepare themselves for this profession. Members observe teaching methods at the Rogers Primary.

Others Promote Weapons, Both Physical and Mental

Organized in 1936 by E. T. Becher, the Rifle Club became a member of the National Rifle Association. Members learn the fundamentals in the use of firearms. Each year's activities include many matches, highlighted by a trip to Wenatchee. Mr. H. Russell is adviser of this group that often ranks among the top ten nationally.

Junior Math Club was organized in 1934 by Mr. W. E. Doolittle for freshmen and sophomores. The aim was to promote more interest in mathematical subjects among underclassmen. In 1945 Mr. A. K. Ostness became the adviser.

JUNIOR MATH CLUB—First row: Carol Wrubleski, Darlene Madren, Delores Carter, Nancy Ostby, Stellamay Reif. Second row: Jean Hollar, Jim Rutherford, Jerry Kempf, Lewis Zieske, Mr. Alfred Ostness (adviser). Third row: Janice Ostby, Patricia Maxfield, Marietta Wrubleski, Charles Pomeroy.

Year Marks 30th Anniversary of Honor Society

This year marks the thirtieth anniversary of National Honor Society. Under the guidance and sponsorship of the Harding Debate Club, the society was organized in 1927, with Mr. J. D. Meyer as adviser until 1945.

Membership is based on character, service, scholarship and leadership. Candidates are selected from the upper one-fourth of the junior and senior classes and then rated by the faculty on the point system. Miss Elizabeth Herbert became adviser in 1955.

OLD MEMBERS — First row: Carol Hollar, Lanny Carney, Sally Beck, Nancy Clarke, Arlene Knauss, Bob Szulrecki. Second row: Miss Elizabeth Herbert (adviser), Arlene Cusick, Larry Stenson, Walt Highberg, Merna Nuxoll, Penny McMullin, Mrs. Lena Schmidt (adviser). School Newspaper Reflects Students' Activities

A school publication should reflect the ideas and attitudes of its students. In 1932, the staff put out a special 10-page dedicatory issue. This, the largest paper ever published at Rogers, definitely reflected the feeling of pride and joy.

The Record won its first national rating in the Columbia Scholastic Press competition in 1947. A special citation from the Pacific Slope Press was received in 1955.

Rogers Record Becomes Weekly; Size Is Changed

For many years the Record staffs have sought a weekly newspaper, a dream which was finally realized during the fall semester. The more frequent editions, however, were made at the expense of the large size pages.

Two special editions were issued, the **Buccaneer**, published as a special Merry-Go-Round paper, and the **Rusty Blade** which made an appearance on April Fool's day.

Staff Spends Many Hours Creating

Publishing a good yearbook calls for co-operation, many hours of hard work and original ideas. This year's staff, headed by Marilyn Chrisman, editor, put in some of these hours Saturdays, after school and during school holidays.

Some of the problems confronting the staff were rescheduling of pictures, a small regular staff (9), and occasionally defective photographic equipment. Only one staff member had worked on a yearbook before.

ADVISERS — Mr. John Jelinek, photography; Miss Georgene Summerson, editorial; Mr. William Aller, art, glance at yearbook dummy to note progress of 1957 book.

Memorable 1957 Treasure Chest

Presenting the high lights of the 25 years caused somewhat of a problem. Many hours were spent reading previous yearbooks and Rogers Records as well as talking to alumni, faculty and former school board members.

Believing that a yearbook reflects the school, the staff wanted to present in words and pictures those things that make Rogers more than just another high school.

Printers, Engravers Are Necessary to Publication

EDITOR MARILYN CHRISMAN AND MR. PAT MURPHY
CHECK OVER ENGRAVER'S PROOF.

Printing the yearbook and making cuts are jobs which the Treasure Chest staff cannot do as both must be done by especially trained and skilled workers.

The pages of the yearbook are made up and the copy set in type at the print shop. Under the direction of Mr. Don Townsend, the pages are printed at the shop and then the book is sent to the bindery where the covers are put on.

Cuts, which are metal engravings of the photography used in the yearbook, are made at the Spokane American Engravers. Headed by Mr. A. R. Keigley, the engravers also advise the yearbook staff on suitable prints.

Much of the credit for this yearbook goes to these men, Mr. Townsend and Mr. Keigley, as well as Mr. Pat Murphy of the engravers, Mr. Carl Bridge, Mr. Maynard Rikerd, Mr. Fred Hoefer and Mr. Tom Keel of the print shop whose tremendous interest in student publications have inspired and encouraged staff members.

Journalism Honorary Dates to Hillyard High Days

Hillyard High was the first school in Spokane to receive a charter from the national honorary, Quill and Scroll. This journalism club was started in 1927 with 11 members.

Quill and Scroll members are judged on outstanding work in journalism either in editorial or business aspects of publications, scholastic standing and the approval of the national secretary of the society.

Another journalism club, Junior Press, was started in 1944 by the Spokane Press Club. The club was revived in 1955 after several years of inactivity.

Representatives this year interviewed such celebrities as Mrs. Eleanor Roosevelt, Senator Henry Jackson, Victor Borge and the Lennon Sisters.

Each semester, upon the recommendation of the journalism adviser, a student is selected to write school news for the Spokesmen-Review. Faye Lorenson and Richard Dixon were this year's Review writers for the special school page in each Friday's issue.

CAST GATHERS AROUND VICTIM OF "STABBING" IN SCENE FROM "OUT OF THE FRYING PAN."

Three-Act Comedy Presented for Second Time

STUDENT COMMITTEE — First row: Dudley McCracken, Theron Van-Hooser, Bruce Carney. Second row: Jonaca Hannah, Sharon Williams, Carol Wrubleski, Alan Rowan. Third row: Lynne Tyner, Lynda Boomer, Marlene Rohn, Margie Arveson. Fourth row: Bob Szulerecki, Art Summers, Ray Hojem. Fifth row: Nick Trumble, Roger Simonson, Bill Vanderberg.

Except for a cast change, "Out of the Frying Pan," by Francis Swan made a repeat performance as Rogers' fall all-school play. Six years ago the drama department presented this three-act comedy.

Set in a brownstone apartment in New York, the comedy revolves around six aspiring young actors who are endeavoring to get parts in the hit, "Mostly Murder." The would-be stage personalities are bound together by a common economic lack of security.

The play finds its beginning when the producer, who is a culinary expert, is in the midst of making a mysterious dish of Gumbo Zherdes and finds himself out of flour. He becomes hopelessly entangled when he mistakenly goes to the nearest apartment—that of the stage-struck youngsters.

Produced under the direction of Roy F. Magden, dramatic director, and Dale F. Brannon, executive director, the play was presented November 16 and 17, 1956.

ROBIN HOOD CAST: DARRYL DICKEY, BETTE HOLLENBACK, BOB MILLER, NICK TRUMBLE, DELOS JOHNSTON, AUDREY STEWART, GARY HUTSON, KERRY CLARK, JOHN TIETZ, CARL HIGHLAND.

'Robin Hood' Has More Than 15 Performances

"Robin Hood," this year's Children's Theater play, had a successful season of more than 15 performances.

This production, directed by Dale F. Brannon, toured the Inland Empire. Their stops included Coeur d'Alene, Colfax and Ritzville. The cast of 11, two girls and nine boys, was chosen from the sixth period drama class.

Darryl Dickey, whose role was the Sheriff of Nottingham, received a letter from Roland G. Green, the present sheriff. In his letter Mr. Green commented, "Whatever sheriffs of old may have thought, today's sheriff is a 'Robin Hood' fan." Darryl also received this year's Children's Theatre Scholarship to WSC summer camp.

"Robin Hood" was presented at Rogers April 12. A matinee was held in the afternoon for the students.

Backing All Dramatic Activities Are Thespians

Giving shows at orphanages is one of the many activities included in the Thespians' yearly schedule.

Students who have earned 15 points by selling play tickets, participating in plays and other activities are eligible for membership. Members are required to earn 15 service points a year.

Junior Thespians was organized this year for those interested in drama and having at least 10 points toward membership in Thespians.

Art of Correct Speaking Is First Skill Learned

Now on its own as a separate unit from the English department, Drama has had an impact on school activities.

Students first learn the art of correct speaking and performing before audiences, then they go on to "bigger things," like participation in convocations, all-school plays, Children's Theater and one-act plays.

Other activities also included in drama courses are make-up, stage setting, and costuming.

First Band Was Non-Marching Unit

Under the direction of George L. Scott, Rogers' band was organized in 1934. Band membership numbered 34 that year.

In 1935 the marching band, which consisted of all boys, was organized. This same year, Director Glenn B. Starr began to enlarge the band by giving instruction in beginning instrument classes.

The school combined the 48 Pirate girls with the band in 1936 to form a 98-member marching unit. This group performed at football games and in parades.

Other band directors have been Harold Anderson, and William Thomas, who is now at Eastern Washington College of Education. Mr. Robert Foster, Rogers new band director, taught last year at Libby Junior High.

Some activities of the band this year have been two concerts, a trip to Richland, and participation in the EWCE large group music contest.

Beginnings Also Date to Hillyard

In 1932 the orchestra played for convocations, school plays and the operetta, as well as accompanied the choral groups. After 1925, when the orchestra was organized, it had increased so that two classes were necessary to handle the entire group. Class total was 41, with George Scott directing.

A beginners' orchestra and ensemble were started in 1935. In 1936 Mr. Scott left and Glenn B. Starr directed until 1940 when Harold Anderson took over.

Several small groups were formed from the orchestra in 1944 to play for programs where a larger group was inconvenient. After being an orchestra member for three semesters, the student received a felt letter, and after six, a gold pin.

Mr. William Thomas came to Rogers in the fall of 1946 and this year Mr. Robert Foster succeeded him as director of instrumental music.

First Music Group

Rogers' first music group was the Boys and Girls' Glee Club, directed in 1932 by Mr. G. L. Scott.

In 1936 the mixed chorus was started. This group gradually increased in membership so that the school bought robes. The name chosen for the group was Vested Choir. At this time Mrs. Blanche Hill Swenson was the director. She was later succeeded by Mr. Robert Zimmerman.

Special recognition was awarded during the 1947 Greater Music Festival when the group received a rating of superior and later won a \$100 prize for being judged the outstanding music organization of the entire music festival.

Activities this year were the Winter and Spring Concerts, Eastern Washington Music Competition, PTA Christmas Concert, caroling in the halls before vacation, and a half-hour radio broadcast of Christmas music.

Was Mixed Glee Club

Two small music groups were started in 1946—the Boys' Quartet and the Girls' Triple Trio.

That year the newly formed quartet was very much in demand by social and civic groups of Spokane.

The Quartet gave performances for the Lions club, school programs, various PTAs of the city and participated in the music festival.

The Triple Trio was also a popular group that year, also giving performances at programs and for a church Christmas pageant. They were entered, as was the Quartet, in the music competition at Cheney.

Both the Triple Trio and the Boys' Quartet strive for high quality and perfection in their music. The members of both groups receive extra training from Mr. Forest Brigham, director of all choral groups at Rogers.

New Building Is Prospect for Fine Arts Group

Many students take Fine Arts because of the variety of courses offered. Besides drawing there are classes in sculpture, art crafts, art metals, sign painting and commercial art.

Today's equipment is much different from that used 25 years ago. Probably the most important development is the prospect of having a new building, especially designed and equipped for art classes.

Students often display their talents by making signs to promote sports events, candidates or special campaigns. Outstanding class work is entered in the Scholastic Art Awards each February.

Training for Business Profession Is Objective

Preparing students for professions in the business world is the main objective of the commercial department.

Typing, shorthand and bookkeeping are the basic courses included, but the advanced classes also learn how to use the adding machines, calculators and dictaphone. Office practice classes also prepare students to work in different office situations.

Experience in handling money and keeping receipt books is learned by students who cashier in the cafeteria and those who work in the business office.

Gifted Student Has Choice of Advance Classes

Basic aim of the English department is teaching correct usage of the language, but there is a wide variety of subjects combined under the main topic, English.

Special advanced classes are open to gifted students. Journalism emphasizes the importance of concise writing while the Debate program offers participation in various speaking activities. This year the Debate team had one of its best seasons.

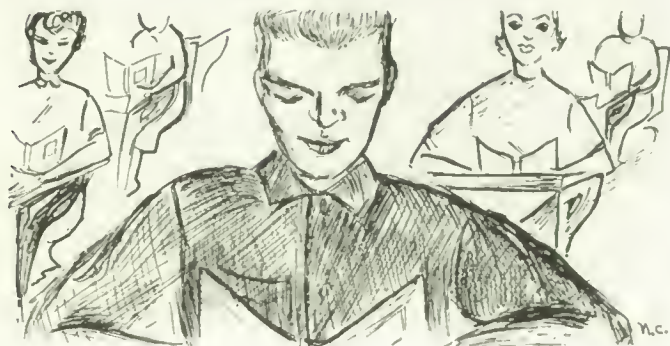

During the year English students are encouraged to enter the many essay contests. High light of the sophomore year is the English III contest.

Becoming Better Family Member Is Homemaking Aim

Training for making a home is the goal of the homemaking department and the aim of every unit is helping students become better members of their families as well as helping them prepare to carry responsibilities as future homemakers.

Seven semesters of homemaking are offered, and, for girls, one year is required to meet graduation credits.

Units of work include foods and nutrition, care and cost of clothing, child development, home furnishing, family and social relations, home management and consumer buying.

Customs, History and Geography Are Taught

Not only the language, but the customs of the people, the history and geography of the country is taught in the language department. In French and Spanish the emphasis is placed upon speaking and listening, because conversation plays an important part in learning the foreign language.

This year Mrs. Betty Pence's Latin students held a Roman banquet and Miss Marion LeFevre's French I class gave a French dinner for the French II students.

Each year the Spanish Club sponsors a contest for Spanish students and also a Spanish Speaking Day.

Program Is Arranged From Simple to Advanced

As the first "annex" to Rogers, the shops building houses all phases of industrial arts: Mechanical drawing, metal shop, wood shop and auto shop. Once easy to find, the building now is almost completely surrounded by six portables.

All classes are arranged so that the student begins with the simple and proceeds to the more advanced project, according to his ability and interest. Boys may be working on anything from a shoe shine kit to an expensive desk.

Also included in the Industrial Arts Department is the popular elective, Safe Driving.

More Than Calculation-Math Is Vital to Way of Life

Showing that mathematics is far more than a complicated set of calculations, the Department points out that mathematics is an important and necessary way of thinking in our civilization.

First-year classes stress the practical application of the subject, but the courses following the freshman year emphasize the application of mathematics in scientific fields as well as emphasizes the need for college-bound students to complete their entrance requirements.

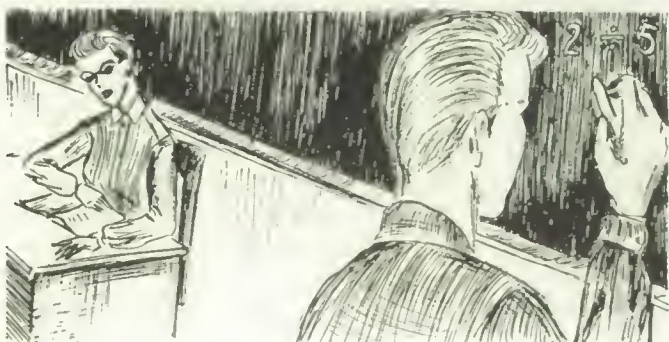

Two semesters of mathematics are required for graduation.

Sciences Explain Happenings in Wide, Wide World

Giving students a knowledge of what is going on around the earth is the objective of the science department.

General Science emphasizes the basic principles in addition to giving an introduction to higher science courses. Chemistry and Physics are offered to those interested in a higher science and those wishing to complete college preparatory requirements.

Each year a Science Fair is sponsored. Entries are judged on six points and ribbons are awarded to the winners in the junior, biological and physical categories.

All students are required to take one semester of Washington History and two of United States History. Elective courses are Sociology, World, Modern, and Northwest History, American Government and Economics.

All Interests Are Considered in Library Selection

In the selection of books for the library, everyone's tastes are considered. A large reference section is used readily by students for reports.

Because book reports are required by nearly every English and Social Studies class, the library is a very busy place.

Study halls are for preparing class assignments. This year an honor study hall was established, but only students with good study habits were eligible. This study hall was started to acquaint students, especially those planning to go to college, with unsupervised study.

ATHLETIC DIRECTOR STUDIES MAGAZINE ARTICLE FOR PROPOSED FIELDHOUSE IDEAS.

Rogers Has Great Athletic Heritage

That little something known as "Rogers Spirit" has been an indispensable part of Pirate teams in the great athletic history of John Rogers High School.

Sports at Rogers have come a long way since the day when little Hillyard was the whipping boy of the larger city schools. In the past 15 years, Pirate squads have won more city league major sports championships than any other school.

Football has always been the big sport at Rogers, as it is at most other schools. Buc elevens have won or shared ten city loop crowns and have become legendary in local gridiron annals. Rogers teams have perennially been the league's smallest, with the emphasis on speed rather than size.

The 1934 football title was the first major sport championship for Rogers. In 1935 the Bucs won the mythical Pacific Northwest crown by defeating Portland's champs. In 1943 they downed Bellingham for the mythical state title. The 1942, 1949, 1950 and 1954 squads are also rated among the finest ever.

Rogers has won only three basketball championships,

but Pirate teams have been famous for their hustle and scrap. Most of the loop scoring records are held by Pirates Ken Eilmes and Terry Campbell.

Rogers can claim eight baseball championships and has donated many stars to the professional ranks. The 1956 state champion nine has been called by many as the greatest, but also ranking high are the 1938 and 1948 teams.

Despite taking only six undisputed titles, Rogers has seldom finished below second in track and is a long standing cinder power. The 1946 thinclads won the state crown and many former Pirates have made their marks in the state record books: Gene Wirsch, Walt Krogel, Tom Bradley, Dean Mock, Jack Fanning and Denny Driskill.

It took 15 years for a tennis championship to come to Rogers, but in the last ten years Buc netters have won seven crowns. Top all-time tennis star was nationally ranked Terry Campbell.

There is a great athletic heritage at Rogers. The history is filled with hundreds of thrills and as many stars. For all-around supremacy in sports, no school can match Rogers record. It is a great tradition to uphold.

Wide Open Pass-Minded Offense Provides Thrills

Rogers 1956 varsity football team featured a wide open, pass minded offense that never failed to provide thrills. The Pirates used a pro style formation with the fullback flanked to the right and both ends split giving quarterback Norm Harding plenty of pass targets.

The season got under way with the annual Merry-Go-Round game and Rogers became the first possessors of the new Vic Dessert Memorial Trophy by crushing North Central, 12-0 in the first quarter and coming back in the final stanza to edge Lewis and Clark, 7-6.

Football fortunes turned sour the next week as the Bullpups pounded out a decisive 19-0 victory over the Buc eleven.

The next week against NC the Pirates found themselves and seemed to head for victory until the Indians went 60 yards for the winning touchdown in the final minute of play for a 12-7 win.

Rogers' crew, led by Norm Harding and the open field running of Jim Slawter, gave the Tigers their only licking of the season, 35-13.

After downing an outclassed Central Valley at Greenacres, 28-7, the Pirates started their second round of city play.

Before a crowd of 18,000 at the Shrine game, the Bucs came from behind in the final minute on a 35-yard pass play from Harding to Art Anderson to down NC 20-13.

From there on out the Pirates were not to win a game as they fell in consecutive weeks to Gonzaga, 20-13 and a powerful Richland squad, 26-14.

In the final game of the season with City League champ LC, virtually the whole game was played in Tiger territory but the Pirates couldn't quite reach the LC goal line and bowed to the Tigers, 14-7. So ended the season with a 3-5 season record and seven players chosen on various all-city squads.

Two Receive All-Star Bids

More than 50 boys reported September 1 for the initial turnout of the Pirate Varsity squad. Of these, 11 were returning lettermen.

Putting the "hopefuls" through their paces were Head Coach Fred Brown and the new Assistant Coach Bob Poffenroth, who moved up from freshman coaching duties.

Of those who completed the season, seven were named to All-City teams: Ed Shaw, Norm Harding, Jim Slawter, Art Anderson, Leo Hutchins, Jerry Dormaier and Jerry Skogstad.

B's and Freshmen End Season With Even Record

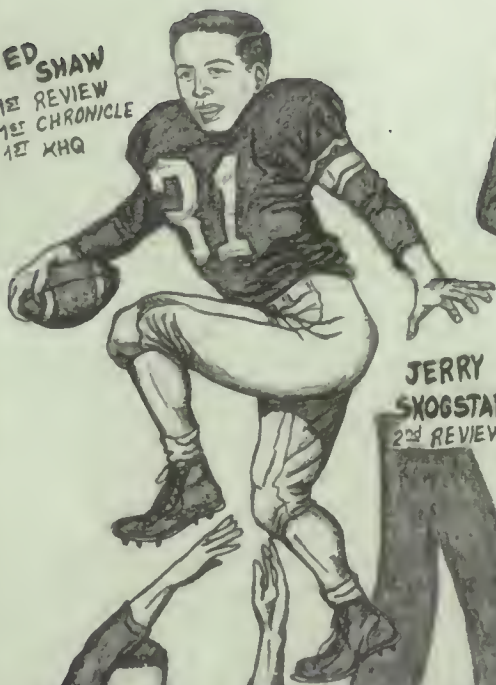

After winning four straight, the Rogers B squad met defeat late in the second half of the Gonzaga game, losing 19-12. This game seemed to set the stage as Coach Jim Forsyth's squad ended the season with a 4-4 record—a season that was marked by several injuries to key players.

Playing four league games, the Baby Bucs, coached by Larry Coleman and Cecil Johnson, finished with a 2-2 record. In the NC 19-0 win Fred Bartholomae ripped off 88 yards in two scoring plays and in a nonleague CV scrimmage, the Greenies won easily, 55-6.

Basketball Provides Sports High Light of Year

Basketball for 1956-57 provided the sports high light of the year in the Rogers athletic parade. For the second time in the 25-year history, a basketball five went all the way in city play and made the trip to the state tournament in Seattle.

The Rogers quintet, playing the toughest pre-season schedule in recent years, started out in pre-league play looking anything but like future city champions as a powerful Richland squad, led by all-state Norris Brown, overwhelmed the Pirates, 83-49.

The league opener on January 4 pitted a dark-horse Rogers squad against the experts' choice for cellar dwellers—Gonzaga. The game was close with the Bulldogs leading until the last minutes when Art Anderson canned a pair of gift tosses to put the Pirates ahead for a 49-47 victory.

Against the Tigers, the Pirates suffered their first league loss, despite the 24 points poured in by center Ron Burke.

A fast-breaking North Central outfit handed Rogers its second and last league defeat the following week, but in the Bucs' next outing, the Pirates completely befuddled West Valley with a shifting zone and some great ball hawking.

The Pirates went on to repeat their wins over Gonzaga and CV and came to the Lewis and Clark game needing a win to keep alive hopes of state.

Before more than 1400 "Big R" rooters, the Bucs got off to a poor start, trailing by as much as 19 points in the first half. After intermission the scrappy Pirates came back and steadily closed the LC margin until, as the final buzzer sounded, the score was tied, 51-51. The Bucs couldn't be stopped in overtime and came out on top, 55-52.

The rest of the season proved anticlimax to the LC tilt as the Pirates swept NC and WV and prepared for the State Tournament. The squad went into the tournament with an unimpressive 12-8 record.

First State Opponent Is Richland

As luck would have it, Rogers' first opponent at State was their old foe and twice conqueror, Richland. The Pirates led throughout most of the first and second quarters and at the half were only down four points, but the Bucs couldn't quite catch the fast-breaking Bombers and were knocked into the loser's bracket by a 69-56 score.

The fighting Pirates came back the next day to gain their first tournament win, defeating Pullman, 63-59.

In their last 1957 state appearance, the Bucs were pitted against Garfield of Seattle, but couldn't overcome the torrid shooting and hard running of the Bulldog five and came out on the short end of a 61-43 score.

Overall season record for the team was 13 wins and 10 losses with Rogers scoring 1223 points to the opponents' 1264.

More than 200 attended the tournament and cheerleader Elaine Bartels was named "all-state."

J. Skogstad Selected As Captain

Climaxing the season was the annual basketball banquet when the special honors as well as the letters were awarded.

Named honorary captain was senior Jerry Skogstad while another senior, Norm Harding, received the Mr. Hustle award and the free-throw trophy.

Presented as letter winners were Art Anderson, Ron Burke, Harding, Larry Sanborn, second year; Dick Anderson, Dennis Crawford, Denny Drinkard, Bruce Ellingsen, Jim Pat Hogan, John Nugent, Jerry Skogstad, Bill Warner and manager John Kelly, first year.

The championship Pirates, along with the second-place Lewis and Clark Tigers, dominated the Spokane newspapers' and a TV station's all-city selections as four of the starting five were named.

Of Coach Harold Thompson's first-place squad, six are seniors; however, there are several promising sophomores coming up from the B Squad.

Statistics are based upon Spokane City League action. Preseason as well as State Tournament action is not included.

B SQUAD—First row: Ernie Eng, Laddie Dodgen, Derril Rhoades, Glenn Crandal, Jerry Schelling, Gordon Armstrong, Tom Halvorson. Second row: John Foote, Milt Barron, Robbie Elsensohn, George Delbridge, John Benesch, Jim Rutherford, Junior Bonnett, Mr. Herman Sleizer (coach). Not pictured: Rich Haldi.

Hustle and Spirit Are Factors of Two Buc Squads

Starting fast but finishing weakly, the B squad wound up fourth in league standing. Injuries and sickness at the end of the season played a major role in the B's defeats.

Lacking height, they made up for it with plenty of hustle, making it hard for opponents to get by them.

Tom Halvorson was the team's leading scorer, but he was pressed hard by Derril Rhoades, Jim Rutherford and Rich Haldi. The team which looked great during some games but a little ragged in others, still had a good 6-9 record.

Others who saw action for Coach Herman Sleizer were Milton Barron, Glen Crandal, George Delbridge, Ernest Eng and Jerry Schelling.

Taking over the freshmen this year was Bob Poffenroth who ably coached his freshman charges to a successful season.

Although the hustling Baby Bucs' 5-6 record doesn't look too impressive, four of those games were losses by the scant margin of one to three points, with free throws accounting for the losses.

Numerals were awarded to five as the other 12 on the 17-man squad already earned theirs.

FROSH BASKETBALL—First row: Jim Drake, Ken Crampton, Tom Foster, Gary Mills, Fred Brown, Craig Thompson, Mike Jones, Duane Herman, Larry Langlois. Second row: Ron Schaefer, Bud Walkley, Ken Olsen, Jim McBride, Jim Walsh, John Lindeblad, Ron Anderson, Jerry Piper, Mr. Bob Poffenroth (coach).

VARITY BASEBALL — First row: Roscoe Maddox, Jerry Kempf, Rex Schimke, Tom Halvorson, Dell DuChene, Norm Harding, Larry Sanborn, Pete Sims, Jerry Carr. Second row: Mr. James Forsyth, (coach), Rich Haldi, Keith Davis, Jerry Dormaier, Jim Rutherford, Bruce Ellingsen, Gary Stempel, Jerry Skogstad, Art Anderson, Rich Kingsolver, Pierce Sinnott (manager).

Pirate Nine to Be Built Around Three Lettermen

NORM HARDING, P

With only three returning lettermen from last year's championship ball club, the Bucs' preseason starting line-up was heavily sprinkled with sophomores and juniors.

Lettermen Keith Davis, Norm Harding and Larry Sanborn were backed up by sophomores Rich Haldi, Jim Rutherford, Tom Halvorson, and Gary Kendall. Starting juniors were Art Anderson and Bruce Ellingsen with the remainder of the team filled out by seniors Jerry Skogstad and Jerry Dormaier.

The Pirates showed early promise by winning eight of the 10 preseason games, losing only to the perennially great Lewiston Bengals.

The first league action pitted the Bucs against North Central before a crowd that also witnessed the crowning of Sports Queen Pat Lane. Despite 2-hit pitching by ace moundsman Norm Harding, the Pirates came out on the short end of a 3-1 score.

After the opening day loss, the Rogers nine still looked forward to a successful season.

Baseball, 1957

Leading the Buc baseballers this season is Coach Jim Forsyth in his fifth year as varsity mentor. Coach Forsyth's teams have placed second three times and won one championship. He also coached an American Legion team of Rogers players to a state championship.

A Rogers and a Whitman College graduate, Forsyth also played professional baseball as starting pitcher for the Spokane Indians.

Name Change Allows for More Intensive Program

Most significant development in the spring sports department was the classification of the teams. No longer does the name, "freshman squad," apply.

Instead, the teams, Junior Varsity and B squad, are used to refer to the underclassmen squads. This system allows for more games per season than before, thus giving the "future varsity material" opportunity for more participation.

With five sophomores on this year's varsity, Coach Larry Coleman's Junior Varsity is composed of some inexperienced ballplayers; however, Coach Coleman is the first to point out

that what his team lacks in experience they make up in their desire to play, and that often makes the difference between the winning and losing team.

With the 10-league-game slate not yet started at yearbook deadline, the squad already has an impressive start with eight straight wins.

A 23-game schedule, including preseason as well as league play, faced Coach Joseph Heslin's 30 B squad prospects. Under the new classification three team members must be sophomores. Again yearbook deadlines make it impossible to predict the outcome of the season.

B SQUAD—First row: David Nehls (manager), Telman Gibson, Fred Zerza, Delano DeLeon, Gary Mills, Jim Drake, Fred Brown, John Lindeblad, Craig Thompson, Don Renz, Rick Bowen, Dennis Peterson, Mr. Heslin (coach). Second row: Bob Simmons (manager), Dick Schuerman, Joe Vetaly, Jerry Stamper, Ron Mead, Don Mead, Larry Brown, Lonnie Connor, Keith Shoff, Terry Peterson, Dennis Snyder. Third row: Dennis Styren (manager), Frank Seay, Jim Peterson, Dale Conner, Ken Olson, Gerald Wolsborn, Dave Sacco, Roger Williams, Gary Coon (manager), Jim Gaines.

TRACK SQUAD — First row: Don Spence, Ron Van Horne, Rich Ruby, Milton Hansen, Jim Dewey, Glen Armstrong, Ron Corkrum, Wayne Farmer, Roger Havercroft, Ed Edwards, Fred Melbye, Bruce Dishman. Third row: Mel Hogue, Ed Shaw, Allen Rhodes, Derril Rhoades, Dave Murcar, Ted Weber, Ron Haffner, Wayne Hutchinson, John Nugent, Dick Anderson, Beau McTighe. Fourth row: Don Mishler, Sam Parker, Dave Martin, Jim Wahle, Gary Wakeley, Jerry Plowman, Bob Burnette, Bill Kienholz, Walt Johnson, Jim Pat Hogan, Bob Ivy. Fifth row: Rich Nelson, Fred Burbank, Norm Hall, Dave Johnson, Chuck Warren, Robbie Elsensohn, Larry Stenson, Denny Drinkard, John Bass.

Outlook Not Impressive, But Cindermen Have Spirit

For the second year in a row the Rogers' pre-season track outlook appears to be unimpressive.

However, Head Track Coach Tracy Walter, taking over track duties from Football Mentor Fred Brown, who stepped in last spring when Track Coach Ray Roestel was called to active duty, has other ideas.

His cindermen turned in better than anticipated

performances at both the North Central and Moses Lake Relays. The sprints and middle distances are their strongest areas, but they slipped in the field events.

"What the team lacks in manpower is more than made up by their fighting spirit and drive," Coach Walters said. "And often this makes the difference between a winner and a loser."

Intramural Meet Stimulates Interest; Juniors Win

As in other spring sports this year, track was also thin in lettermen. In order to find more track material, an intramural meet was held. All boys could enter, but points were given only to non-lettermen.

After four days of various events, the junior class edged the sophomores to win the class championship. This event did much to promote interest in track among the boys.

Fourteen boys turned out for varsity cross-country, but the season was not outstanding other than the squad consistently showed improvement.

Three records were set in the All-City Cross-Country meet as the Lewis and Clark harriers ran away with their sixth consecutive all-city victory. Rogers could only manage third place in all three divisions. As this was the first time the course was used, all winning times established records.

Pirate Netsters Almost Sweep City Tournament

For the last six years Rogers has dominated tennis activities among the Spokane high schools. In the city high school tournament held last fall, Pirate netsters took every title except boys' singles. The boys' tennis team, however, finished second in city league action.

Chances for gaining the spring championship seemed good as five lettermen reported to Coach LaVerne Mabbott. A tournament was held to determine playing positions for scheduled league matches. Big attraction each spring is the annual Inland Empire Tournament held in May.

Linksmen on Upgrade; Girls' Team Started

Rogers No. 1 player, Billy Warner, has some impressive wins and he could easily become one of the best in the city high schools.

In the National Junior Chamber of Commerce Golf Tournament in Massachusetts last summer, Bill advanced four rounds before losing in the quarter finals.

He was also a quarter-finalist in the junior division of the Pacific Northwest Golfers' Association.

FOUR-YEAR LETTERMAN BILL WARNER DROPS PUTT.

Golf prospects at Rogers appeared on the upgrade as Coach Harold Thompson's linksmen started off the 1957 campaign by winning their first league match in several years.

Led by letterman Bill Warner, the Rogers six grabbed a 10½-7½ victory over North Central. Eight matches are scheduled for league play and these are on the three public golf courses in Spokane—Indian Canyon, Downriver, and Esmeralda. Of the three, the most popular and convenient is

the new Esmeralda course, located only five minutes away from school.

After Warner, the top six is made up of lettermen Mel McKee, Bill Borden and Roger Riley with Don Dawson and freshman Mike Jones filling the other two spots.

Girls' golf was only started this year and so far their first match is a mixed event set for May 6. Roberta Hamann is tops among Rogers' girl golfers.

Patsey DeShaw shows the correct grip to Pat Payne, Marilyn Nordby, Nancy Castleman, Janis Rhodes, Jan Nechanicky and Jeanne Cook.

MISS MILDRED RYAN, GIRLS' PHYSICAL EDUCATION HEAD, LEADS THE PIRETTES IN THEIR DAILY FOURTH PERIOD SESSION.

First Marching Girl's Unit in Spokane Was Pirettes

For the first time in Spokane high school history, Rogers, in 1934 boldly ventured out in front to give Spokane its first glimpse of a girls' marching unit.

Organized and directed by J. M. Tewinkel, who since has become principal of North Central High School, the Pirettes soloed before football audiences at halftimes for three years. As the 1938

football season got underway, this pioneer marching group was joined by the Lewis and Clark 'Ti-Girls and the North Central Red Feathers.

Costumes of the Pirettes changed from the original outfit of blue skirts and orange sashes to yellow blouses, red skirts and black sashes in 1938 and in 1940 to the purple and gold combination.

Newly organized this semester, the girls' bowling class, supervised by Miss Rene McMahan, met at the North Bowl once a week.

Softball, although not a new sport, was greeted with the usual enthusiasm. The girls meet twice a week to perfect their skills for interschool action.

Team Shares Fall Title Honors With West Valley

Top honors in the City League were shared by Rogers and West Valley last fall, that being the second time in three years the Rogers girls have not taken undisputed possession of first place.

In the annual Fall City Tournament Gloria Burns, No. 1 singles player, won her third straight girls' singles title while Shirley Brizendine paired with Jim Olsen to take the mixed doubles event.

Team Eyes Championship, Has Ranking Player

Chances for the spring tennis team to continue its good record looked very bright as the season got underway, May 1. One of the reasons is junior Gloria Burns. Gloria, who has many tennis trophies and also ranks ninth in junior women's com-

petition in the Pacific Northwest, is undefeated in city league action.

Of the 17-member team, only five are seniors, assuring Miss Mele of an experienced team for next year.

"There's A Densow Store Near You"

When you think about it, the family photographer falls somewhere in the family doctor-lawyer classification. The photographer, like the doctor and lawyer, is called upon when major events in your life occur.

With a fine studio portrait you can relive in later years the happiness of the engagement, the wedding, the arrival of children. A photograph is part of forever, and our studio takes this responsibility seriously.

We are proud that a large number of students from your graduating class have selected us their photographer this year. We hope this is the beginning of a lifelong relationship.

Acknowledgements

After the last picture has been taken, the last page of copy written, and the yearbook is finally in the hands of the students, little thought is given to those people who made the yearbook a reality.

There aren't words adequate to express to these people how much their time, work and effort meant. As editor of the 1957 Treasure Chest I would like to say "thank you" from the entire staff to the following:

Mr. Brannon and the stage crew for the use of the stage; Mrs. Leland and Mrs. Rowe for the mimeographing; Miss Schwartz for working with the student committee selecting outstanding seniors; the many faculty members, club advisers and students who helped schedule pictures and see that their people were ready for the picture at the assigned time.

Now to the people who worked the hardest and the longest but to whom it is hardest to say thank you . . . These include the advisers, the editorial, art and photography staff. Responsible for all the photos taken and printed for yearbook use are Richard Schubach, Ross Lange, Denny Mantello, Bill Whitney, Betty Pedersen and their adviser, Mr. John Jelinek. To them and to Mr. Aller, who helped design the cover and work with Nancy and Dick on the art work, I say thank you.

To the backbone of the yearbook, Miss Georgene Summerson, the editorial adviser, the entire staff joins me in saying thank you. Because the yearbook is celebrating its silver anniversary and this is a special year, the staff is unofficially dedicating this book to the person responsible for the 1957 Treasure Chest—a special person to us, Miss Summerson.

Finally the staff must be thanked for all the extra time, nights and Saturdays, they spent getting the book out. As the editor, I could do nothing without someone to do the layouts, schedule pictures and write copy. Thank you, everyone.
